Life Insurance Information

If you have life insurance coverage through the Plan, please be aware that if you choose to change your deferrals in conjunction with a rollover your policy may lapse and your coverage will no longer be in effect. Also, you remain responsible for compliance with applicable tax regulations concerning life insurance through the Plan.

- Please cancel my life insurance coverage and refund the cash surrender to my existing Nationwide Retirement Solutions account.
- Please cancel my life insurance coverage and include the cash surrender value with the rollover to my new provider.
- Please stop the deferral flow and allow the cash surrender value to keep policy in force until value is exhausted.

Lifetime Income Payment Information

If you are invested in a fund that includes a lifetime income payment feature, withdrawals, including rollovers, taken prior to the income activation date could impact the guarantee and reduce your future lifetime income payments. Withdrawals and rollovers made after the income activation date that exceed the annual lifetime income payment amount will reduce your annual lifetime income payments in future years. Please visit your Plan's website for more information.

Note that the timing of required minimum distributions taken from in-plan guarantee investment options could adversely affect both your income base and your guaranteed income amount in certain situations. Please contact your plan representative for more details.

I certify that under penalties of perjury that:

1. The Taxpayer Identification Number or Social Security Number listed on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
