Information Regarding your Purchase of Service Credit

The attached form should be used when requesting that your assets in the Nationwide Retirement Solutions (Nationwide) Deferred Compensation Plan be used to purchase retirement credit in a public retirement system.

- Complete the Request for Purchase of Service Credit form and return it to Nationwide so that it is received prior to the date your retirement system states that the payment is due.
- Include a copy of the documentation provided by your retirement system in regards to your request for purchase of service credit.

Nationwide will process your request if the request package, including the Request for Purchase of Service Credit form and documentation from your retirement system, is received complete and in good order.

- Processing of the request will result in a transfer of the amount you requested from your Nationwide 457 Deferred Compensation Plan account directly to your retirement system. Additionally, you will be notified of the amount transferred and the date the amount was paid to your retirement system.

Withdrawals for Purchase of Service Credit are subject to regulations and requirements specific to Internal Revenue Code Section 457 Deferred Compensation Plans. Requirements and conditions of approval of said withdrawals are not solely based on the Nationwide Retirement Solutions Deferred Compensation Plan.
