

# COVID-19 UPDATE

UPDATED COVID-19 GUIDES AMID COUNTY REOPENING

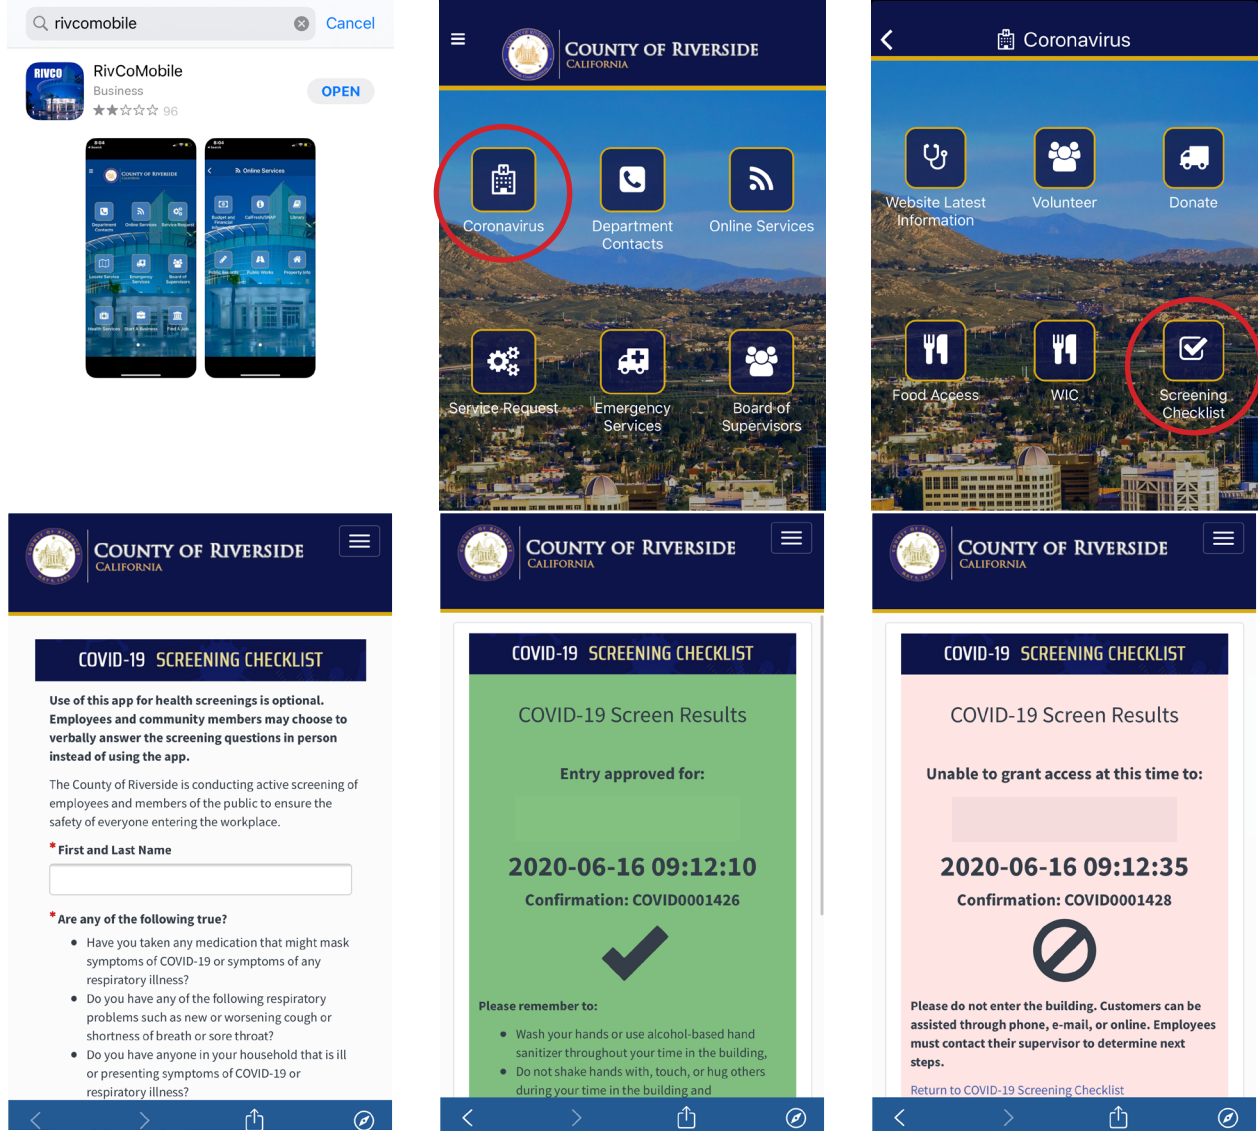

## MESSAGE FROM THE ASSISTANT CEO / HR DIRECTOR

On Wednesday, June 10, 2020, the County Executive Officer, George Johnson, enacted new guidelines in response to COVID-19 amidst the County's efforts to reopen effective Monday, June 15, 2020. Human Resources has updated the COVID-19 Guidance for Employees to assist in understanding our response to the County's reopening and the changes being put in place to ensure a successful transition. The additional guidelines specifically address mandated facial coverings and updated screening protocols.

In an effort to expedite the screening process as you enter a building or your Department, there is now an option to use a mobile application for employees, newly developed by Riverside County IT, to perform self-assessments using one question that covers all approved screening questions. Employees may complete a Person to Person screening or optionally leverage this application and simply show the "Cleared Entry Screen" to a screener as they walk by to accelerate the process. The app does not store data and responses are deleted daily; it just provides a way for you to turn your phone into a "cleared ticket" for all County buildings that participate. It includes all the current requirements/questions approved for clearance (and will be updated as changes are approved).

The use of the application is optional for Departments. The idea is to expedite screening so employees can quickly move to their workstations. If you choose to use the app, instructions on how to download and self-screen are included below:

# Official Screening Application (Optional for Employees)

Please remember, to answer any questions you may have, review the [Novel-Coronavirus-2019-Guidance-for-Employees.pdf](#).

If you have additional questions after reading the guidelines provided, please reach out to your supervisor/manager for assistance.

Thank you for your service and your assistance in keeping both yourself and
